

# Neurogenomics Conference

## Monday, 19 May 2025

### Neurodevelopment I (10:15 - 11:45)

-Conveners: Nereo Kalebic

time	[id] title	presenter
10:15	[1] What made our brain so big and us smarter than Neandertals?	HUTTNER, Wieland
10:40	[2] Importance of stereotypical migration routes for precise cortical interneuron positioning and circuit formation	ABE, Philipp
10:50	[3] Temporal control of Neurogenesis	HASSAN, Bassem
11:15	[4] Selected speaker from abstracts Human-specific morphoregulatory signatures in basal radial glia characterize neocortex evolution	ALBERT, Mareike
11:25	[5] Single-cell and spatial transcriptomics reveal developmental conservation and adult divergence across tetrapod spinal cord evolution	IGNATYEV, Yuri
11:35	[144] Single-cell multimodal history tracing reveals neuronal identity specification	KITAZAWA, Taro
