

Neurogenomics Conference

Monday, 19 May 2025

Neurodevelopment II (13:55 - 15:05)

-Conveners: Elena Taverna

time	[id] title	presenter
13:55	[7] Exploring the role of the primary cilium in neuronal plasticity and development: How the quiet organelle claims center stage!	NADIF KASRI, Nael
14:05	[145] Gene regulation in response to neuronal activity	GOTOH, Yukiko
14:30	[9] Ankycorbin – a strong membrane shaper and its role in human neuron morphogenesis.	SCHÖRNIG, Maria
14:40	[10] Coordinated remodeling of neural stem cell epigenome and cell fate bias during mouse cortical development	BONEV, Boyan
